REGARDING DEPOSIT  
OF SOLID WASTE

---

## DIRECTIVES

### Regarding deposit of solid waste

1. Waste may only be deposited at the designated waste-reception station.
2. The waste station is well-marked and is moved forward adjacent to the vessel.
3. Sorting is carried out in accordance with the symbols for the respective waste types: glass, plastic, metal, paper, household waste and other.
4. Any spillage shall be retrieved immediately.
5. Used containers shall be closed after use.
6. In the event of questions/problems, immediately contact the agents or foreman/work supervisor.
